RESEARCH EXPERIENCE

- 2020 – now **Senior Research Scientist** Los Altos, USA
[Toyota Research Institute](#)
Leading research on world models for embodied AI: learning predictive models of the physical world from large-scale video and leveraging them to advance robot learning.
- 2018 – 2020 **Postdoctoral Researcher** Pittsburgh, USA
[CMU Robotics Institute](#) · with Prof. Martial Hebert and Prof. Deva Ramanan
Working on problems related to video understanding and learning under limited supervision. Co-directing research projects, as well as conducting research individually.
- 2014 – 2018 **PhD Student** Grenoble, France
[Inria THOTH team](#) · with Dr. Cordelia Schmid and Dr. Karteek Alahari
Studying the role of motion in object recognition. The research resulted in both new methods for motion estimation and a novel approach for exploiting motion as a supervisory signal.

EDUCATION

- 2014 – 2018 **PhD in Computer Science** France
[University of Grenoble](#)
Thesis: *Weakly-Supervised Learning for Object Recognition*
- 2012 – 2014 **MSc in Computer Science** Germany
[University of Bonn](#)
Emphasis on Intelligent Systems · GPA 4.0

SELECTED PUBLICATIONS

ICCV	Learning Compositional Representations for Few-Shot Recognition
2019	<u>Pavel Tokmakov</u> , Yu-Xiong Wang, Martial Hebert
CVPR	A Structured Model For Action Detection
2019	Yubo Zhang, <u>Pavel Tokmakov</u> , Cordelia Schmid, Martial Hebert
ICCV	Learning Video Object Segmentation with Visual Memory ORAL
2017	<u>Pavel Tokmakov</u> , Karteek Alahari, Cordelia Schmid
CVPR	Learning Motion Patterns in Videos
2017	<u>Pavel Tokmakov</u> , Karteek Alahari, Cordelia Schmid

HONORS & AWARDS

2026	PAMI Mark Everingham Prize · awarded to the Visual Object Tracking (VOT) Challenge Series team and collaborators, for the series of workshops and challenges that have shaped the modern synthesis of visual object tracking
------	---

WORKSHOPS & ORGANIZATION

Each workshop ran with an accompanying challenge. Responsibilities: proposals, speaker recruitment, program, panel moderation.

2024 – 2026	VOTS Workshop Series · ICCV / ECCV · co-organizer · video segmentation
2023	5th LSVOS Workshop · ICCV, Paris · lead organizer · video segmentation
2023	2nd TAO Workshop · CVPR, Vancouver · co-organizer · open-world tracking
2021	RVSU Workshop · CVPR · co-organizer · robust video scene understanding
2020	TAO Workshop · ECCV · lead organizer · tracking any object, new benchmark
2018 – 2020	IARPA DIVA Project · CMU · coordinated the CMU team on spatio-temporal action localization

PROFESSIONAL SERVICE

2015 – now	Area Chair / Reviewer NeurIPS · ICLR · CVPR · ICCV · ECCV · ICML · CoRL
2019 – 2020	CMU MSCV Admission Committee Evaluating applications for the Master’s in Computer Vision program
